## Business to Follow Sunday Closing Plan On Labor Day Monday

### Back to School Movement End Vacations—Meeting of C. C. Delayed

Labor Day—the day that sends vacationers back to the city for school, and paves the opening of schools in the Antioch area will be observed in the usual manner Monday.

Most of the Antioch business men will treat Monday as a Sunday holiday, those closing on Sunday remaining closed Monday also and those operating in the morning on the Sabbath likewise opening in the morning on Labor Day.

The Chamber of Commerce made no announcement on plans for the day, leaving the decision to the individual members. However, the regular meeting held the first Monday of each month has been postponed to the following Monday because of the holiday.

Resorts that depended mainly on summer trade, say they have had a good year. Reasonably warm weather prevailed although there was more rain this year than usual and the lakes were high. The lotus beds at Fox lake were destroyed by high water.

Some resorts, however, keep open throughout the fall to take care of fishermen and hunters. The hunting season will open on Oct. 22. Fishing is at its best in the spring and in the fall.

Many families with youngsters of school age will take advantage of the double holiday to make those last vacation trips. The public schools will open on Tuesday.

## Car Crashes Through Loon Lake Royal Blue Grocery; Three Hurt

When he accidentally placed his car in forward gear instead of reverse, Adolph Van Mol, Chicago, crashed through the front of the Royal Blue grocery store at Loon Lake Monday, injuring a woman and her two children.

Van Mol told sheriff's deputies he attempted to back away from his parking place in front of the store when he shifted to the wrong gear, and before he knew it his car smashed through the framework of the store and came to rest at the inside counter.

Shoppers cut and bruised were Irene Linder, 37, of Westchester and her two children, Alfred 6, and Jeanette 12. They were taken by the Antioch Rescue squad to the Antioch clinic for treatment.

The wreckage was cleared away within a short time and business resumed without much interruption.

Two persons were treated, for face cuts later in the evening when their car went off Rte. 173 two miles west of Rte. 41. Injured were George Abbott, 65, Chicago, the driver, and Willie Burrel, 42, his companion.

## Dr. Walter C. Klein To Preach on Sept. 8 At St. Ignatius Church

The Rev. Walter C. Klein, Ph. D., S. T. D., professor of Old Testament and Old Testament Languages at Seabury-Western Theology Seminary, will be the guest preacher of the Parish Church of St. Ignatius at 8 p. m., Wednesday, Sept. 8.

The Rev. Fr. Edmund E. Hood said the parish is honored by the visit of Dr. Klein, who is well known for scholarship, teaching ability and as the author of many books concerning the Old Testament.

Although born in this country, Dr. Klein has devoted many years of his life to work in Palestine and the Near East. He will be the first in a number of distinguished churchmen who have accepted invitations to speak in Antioch.

Hope was expressed that all who would be interested in hearing the distinguished scholar will avail themselves of the opportunity to do so. The service at 8 p. m. will begin with the Evening Office. The choir of the parish will sing.

### ALTAR AND ROSARY SOCIETY TO HOLD ANNUAL LUNCHEON

Members of St. Peter's Altar and Rosary Society will hold their annual luncheon and card party at Smart's Country House, Sept. 13, at 12:30 p. m. All members and their friends are invited to come. Reservations must be made by Sept. 9. Telephone Antioch 124W or Lake Villa 6-3863.

### St. Peter's School Will Open Friday, Sept. 10

St. Peter's School will open Friday, Sept. 10, with an enrollment which will approach 350.

The staff of teachers includes three replacements this year. Sisters Mary Georgellen, Mary Norella, and Mary St. Ronald will succeed Sisters Mary Rose, Lucile, Mary Nore and Mary Vermina.

### G. O. P. Picnic Monday At Lake Villa to Draw County-wide Crowd

### Jos. T. Meek, Rep. Church To Be on Program at Sherwood Park

With just a few days remaining until the annual Lake County Republican Picnic on Labor Day, Robert J. Milton of Lake Forest secretary of the County Republican Committee and general chairman of the outing, announced this week that plans were complete for a full and varied afternoon.

A annual affair, the picnic will be held this year at Sherwood Park just west of Lake Villa, on Labor Day, Monday, Sept. 6. Gates will be opened at 12 noon with volunteer groups of precinct committee men on hand to direct parking and assist guests on the grounds. Frank Kazlausky of Fox Lake is chairman of the Police and Parking committee.

The picnic is recognized by county Republican leaders as the opening event of the Fall campaign but is conducted more in the atmosphere of a country fair than a political gathering with games and contests for the children, variety acts, and music throughout the entire afternoon. The entertainment committee has announced the booking of several top-flight acts to provide entertainment.

#### SENATORIAL CANDIDATE TO SPEAK

Joseph T. Meek, Republican candidate for United States senator will arrive, by caravan, at the grounds about 2:45 p. m. and will share the platform with several political personalities and guests. The Hon. Marguerite Stitt Church, Congresswoman from the 13th District will introduce Mr. Meek, who is scheduled to speak at 3 p. m.

For the early afternoon entertainment two All-Star girls' baseball teams, will perform on one of the park's five diamonds.

Planned as a day dedicated to "The American Family," arrangements have been made with the owners of Sherwood Park to have the entire 73 acre tract with all of its facilities, including the beach on Cedar lake available without charge to Lake county residents, and several groups have planned picnic parties.

#### PRIZES TO BE GIVEN

All children in attendance will be the guests of the committee for free rides and refreshments during the festivities. Elmer Wolf of Lake Villa is a member of the committee handling refreshments.

Antioch and Lake Villa residents serving on other key committees are Erwin Barnstable, chairman platform and seating; Charles Larson, chairman grounds decoration; Al Coch, grounds decoration; Henry Pape, refreshments; Jack Wolf, publicity; Frank Kelly, advertising program; and Arthur E. Bennett, general arrangements.

### Charles T. Wieneck, 80 Dies in Florida Aug. 27

Charles T. Wieneck, 80, died at 11 a. m., Friday, Aug. 27, at Kissimmee, Florida, of a heart attack suffered while driving his car. He was taken to Kissimmee hospital.

Mr. Wieneck was born in St. Louis, Mo., Oct. 6, 1873, where he made his home for many years, and was engaged in the blacksmith and horse shoeing business, until his retirement in 1920. After retiring he moved to Grayslake where he lived until 1950 when he moved to Florida. He is survived by his wife, Mary.

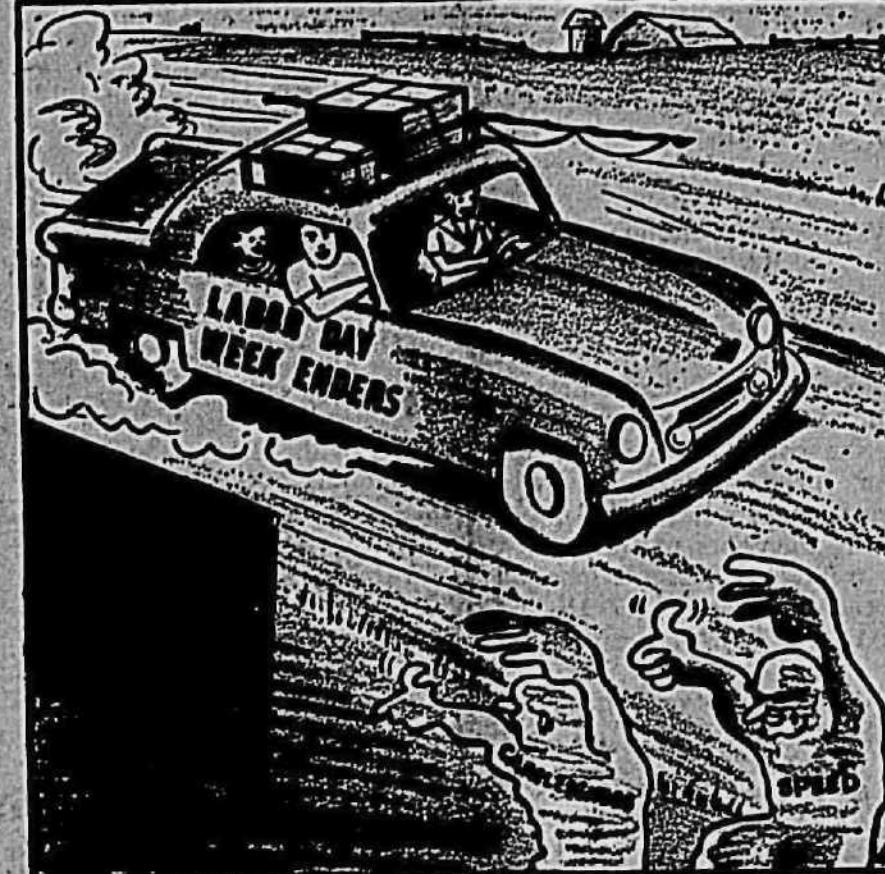

Funeral services were held at 1:30 Tuesday at the Strang Funeral home. Interment was in Grass Lake cemetery.

### Total of 4.5 Inches Rainfall for August

Four and one-half inches of rain fell in Antioch in August, a greatly abnormal amount for the month, according to Weather Observer Roy Kufalk. August usually is a hot and dry month, but not so this year. The highest temperature for the month this year was 91 degrees on the 23rd. The coldest was 51 on Monday night.

The greatest rainfall for any 24-hour period was 1.32 inch on the 9th. Fall which damaged crops east of the village also fell on that day.

### NO ROOM FOR RIDERS

### St. Peter Parishioners to Attend Marian Year Mass in Soldier Field

Parishioners of St. Peter's Church will take part in the Marian Year Tribute at Soldier Field, Chicago next Wednesday evening.

It will be the first outdoor evening mass ever held in the Chicago area. Samuel Cardinal Stritch will celebrate the mass.

An estimated 150,000 persons are expected to participate in the service.

Buses will leave St. Peter's church at 5 p. m. Wednesday taking local parishioners to Soldier Field. Reservations must be made by Monday evening, Sept. 6, Fr. Alfred J. Henderson announced. The fare will be \$1.50. Tickets may be obtained in the vestibule of the church Sunday morning.

For the special service an altar designed by Barry and Kay, architects, is being constructed.

The cantilever baldachin (canopy), raised 50 feet above Soldier Field, is surrounded by a spacious bi-level sacristy. Upper level will contain Cardinal's throne and accommodations for the officers of the Mass and visiting bishops. Lower level will accommodate monsignori, whose colorful garb will add to the beauty and dignity of the occasion.

The altar, surmounted by the baldachin, will be illuminated so that the action of the Mass may be followed from the most remote point of Soldier Field. Suspended from the baldachin (canopy) will be a fifteen-foot-high Crucifix of contemporary design. The altar table will be protected by a large crystal-clear glass pane. In the background is a heroic size statue of the Immaculate Conception. This statue, 21 feet in height, will be mounted on an appropriate pedestal, flanked by flower beds. Flags of all nations, symbolizing the universality and unity of the Roman Catholic Church, will serve as a background for the statue.

The petitions of civic clubs, villages, and other public groups will be sent to the state legislature, to Governor Stratton, and others asking their support in making the transfer, according to Norman J. Jede, secretary.

Lake County educators are reluctant to see the state-owned property go to an out-of-state organization regardless of its merit.

The state legislature has ordered the sale of the beautiful site and buildings for not less than \$60,000. It is said to be worth much more. It is being sought by the Izaak Walton League as national headquarters for that organization.

The Lions club had as its guest speaker at Smart's Country House Monday evening, Phil Creden, director of public relations for the Edward Hines Lumber Co., Chicago.

Creden told the club members that nowadays it is necessary for business to publicize itself and to make the public aware of its production if it would succeed. He said it is first necessary for business to get the public's confidence and maintain it by good service.

He warned against growth of federal control of business and said that unless business can stand alone and not lean on government aid it will gradually succumb to its controls.

#### 4-H RECORD BOOKS DUE SEPTEMBER 15

All 1954 4-H Club record books must be completed and turned in to the local 4-H club leaders by September 15, according to Farm Advisor Ray T. Nicholas. Shortly following this date, all leaders will meet to go over the records and select members for the various honors. In former years the crop record books were not due until a later date. But this year all records, including the Crop Record must be completed and turn in to the leader by September 15.

### High School Cafeteria to Start Operation Sept. 8; Students Must Remain at Campus During Noon Hour

The high school cafeteria will start operation for the 1954-55 school year on Wednesday, Sept. 8. Three half-hour lunch periods have been scheduled with approximately 180 students eating during each session. While a third of the student body is in the cafeteria, the other two-thirds are in classes. The lunch schedule is as follows:

First lunch period 11:45-12:15; second lunch period 12:20-12:50; third lunch period 12:50-1:20.

Students may purchase the hot lunch for 35 cents or bring their own lunch from home. Students are allowed, if they wish, to supplement their lunch from home by purchasing milk, ice cream, or dessert.

However, all pupils are required to eat at school. Students are not allowed to leave the campus during the noon-hour.

The G. A. A. will again sponsor noon-hour recreation for those students who wish to participate. Noon-

### Lions Seek Transfer Of Conservation School To N. I. S. T. College

#### Club Addressed by Public Relations Man of City Lumber Firm

The Antioch Lions club will sign a petition asking the State Conservation site on the north shore of Fox lake for use as an extension school.

The decision was made Monday evening after Dr. R. J. Johnson, Fox Lake dentist and member of the Fox Lake Lions club made an appeal to the local business and professional men to join them in seeking the transfer, which he said would be advantageous to Lake County as a training school for teachers.

The state legislature has ordered the sale of the beautiful site and buildings for not less than \$60,000. It is said to be worth much more. It is being sought by the Izaak Walton League as national headquarters for that organization.

### Village Board Tackles Problem of Additional Water Main Serving N. Area, Oakwood Knolls; Opinion Divided on Serving Wis. Houses

#### Rapid Construction Said to Push Need of New 8-Inch Main Connecting New North Avenue Pipe Two Years Ahead of Expected Time

Confronted with the problem of laying an 8-inch water main to properly feed a North Ave. main of like size serving Oakwood Knolls subdivision, the village board debated loud and long in a special session Tuesday evening.

A decision on the problem probably will be made in the regular meeting Tuesday evening.

The village at present has a 6-inch main serving the north part of the village and connecting to the new 8-inch pipe that carries water on North Ave. to the new subdivision of the Crown Realty Co. which is now a part of the village.

At the last board meeting it was realized that another main of larger dimension would be needed but it was thought that the improvement would not be necessitated for two or three years.

Then things happened.

**Lots Sell Rapidly**  
The sale of lots in the new subdivision was more rapid than expected and building construction is expected to be as much in two years as was expected for three years. Not only has there been an increase in water users in the new subdivision but in other parts of the north side of Antioch because of new homes.

The need for the new main is coming much sooner than expected, in fact, some of the board members say it should be laid immediately.

Add to the problem is the request of the Crown Realty Co. for water service to that part of its subdivision across the line in Wisconsin Cross Lake.

**To Set Up Utility Company**  
Antioch cannot legally deal with property owners there under the present set-up so the firm of Benjamin and Land, bond house with which Max Horwitz of the Crown Realty Co. and the village both deal, proposes to set up a utility company which it has done at other places, and the village would sell water to that company which would supply to Wisconsin residents.

The board was not entirely agreed on the extent the village should commit itself to serving water across the state line. Chairman Art Hawkins and Trustee Ernest Glenn thought the village should go slow and supply water only to its own citizens.

Whether they will favor the service will depend largely on the proposal of the utility company set up by Benjamin and Lang.

**Village Will Have Bonding Power**

That bond house, which will be quite willing to sell more bonds for the village in financing the new water main, says that the village will be well within its bond limit next year to float an additional issue based on revenue from water.

As previously stated the new 8-inch main would parallel the 6-inch main now on Main st., at a point a block or more east, providing a loop and better circulation and too, a relief in event the old main breaks.

## Partners

Medicine has a partner that few of us associate with the healing arts—the meat industry.

That's because meat animals are the source of a long list of extremely important medical products, and the meat industry has developed elaborate facilities for saving them.

The best known of these products is undoubtedly insulin—the substance which has literally meant the difference between life and death to vast numbers of sufferers from diabetes. But there are others whose contribution to humanity is comparable. These include ACTH and cortisone, used in the treatment of arthritis, rheumatic fever and other dread diseases; liver extract, for treating pernicious anemia; bone marrow concentrates, used to alleviate various blood disorders; fibrin foam, which controls bleeding during operations; and dehydrochloric acid, used in treating certain gall bladder disorders. There are many more.

It is quite a job to save and properly process the animal by-products from which such medicines come. As an example, it takes the pancreas glands from 7,500 pigs or 1,500 cattle to make a single ounce of insulin. But our highly developed meat industry does that job in stride, day in and day out, and millions of people are the beneficiaries.

\* \* \*

## Incentive Is All-Important

Since 1926, oil consumption in this country has increased more than 257 per cent. Yet, due to the industry's intensive exploration and development work, our known oil and gas reserves underground are actually 229 per cent greater than in that year.

Something that few of us think about has been largely responsible for this achievement. It is the 27 1/2 per cent tax depletion allowance on income from oil producing activities.

The head of a major oil company recently had this to say about the depletion allowance's importance: "Any reduction in this provision of the tax law would adversely affect the stability of the petroleum industry.

In making provision for the depletion tax allowance, Congress recognized the basic fact that not only oil and natural gas, but all other minerals in the ground, are capital assets of the owner. Once used, they cannot be replaced.

"Exploring for oil, always tremendously expensive, is increasing in cost every year. Without the incentive and capital recovery provided by the depletion allowance, many companies and individuals would be unable to continue oil exploration and drilling."

In wildcatting operations, only one out of eight or nine wells sunk turns out to be a producer. The rest are worthless. If we want men to take such long risks as these we must offer them suitable inducements.

Thanks to Competition

Each year a study is conducted at Harvard University of a group of chain stores in the variety field.

The result of the 1953 study, covering 40 of these chain systems, was recently released. And it contains some facts of general interest.

The companies reported a slight improvement in their gross profit margin as compared with 1952. But mounting expenses reduced their net profits. These came to 3.8 per cent of sales—less than four cents out of each dollar their customers spent with them—last year. Payroll costs accounted for the main increase in expense, reaching a new high.

Retail profits are a very small item in our cost of living today, thanks to competition in a free economy.

Like a School Without a Teacher

A small town without a newspaper would be like a school without a teacher or a church without a pastor!

That striking opinion comes from Professor John H. Casey of the Department of Journalism of the University of Oklahoma. He went on to say this: "In the aggregate, the country newspaper determines the outcome of more elections, exerts a greater influence for constructive community progress, is read longer by more members of the family, and constitutes, with its millions of circulation, and quadrupled millions of readers, a better advertising medium than any other group of newspapers or periodical publications.

"Through service to its community, the country newspaper will not merely survive; it will continue to flourish. . . ."

## The Low Down from Hickory Grove

The subject for today's seminar is Indiana—the land of the Hoosiers. And if you should choose to know why Hoosierdom is so named, I will enlighten you—or try. In the early days, Indiana boatmen when reaching New Orleans—feeling their oats—would take on all comers. The papers there would write 'em up with flourishes as "huskers" or one who could—sure as shootin'—hush his man. From "husker" came Hoosier. I do not guarantee this version—but I do know that these people of Indiana have stamina. I can prove it.

Take Govt. aid or Govt. alms or Govt. matching dinero—whatever you may care to call it—they say in Indiana "no sale." They can row their own boat, they say with pride. Many towns and places say that Federal handouts are bad if granted elsewhere and will ruin the Nation, but have their hand extended for help of all kinds in their own home grounds. Quite wishy-washy, I say. Weak sisters.

In Hoosier-land they are giving the cold shoulder to Govt. aid in education—to grants for slum clearance—to flood control dinero—to "free" school lunch programs. Odd folks you say—can't be—but it is spread there on the record. The next time some councilman or lunch club speaker arises and says, let's have a new airfield or horse trough, or what—and free, from Uncle Samuel—his elbow neighbor should refer the gent to these prideful Indianaans—these Hoosier folks of stamina.

Yours with the low down,  
JO SERRA

## I remember Mom

We called her "Washday weary mama!" Poor Mom! She looked as if she'd been pulled through the wringer instead of the clothes—and how her back ached. No wonder . . . after tugging with the week's wash and pushing that oversized flatiron. I realize now what Mom missed . . . the wonderful advantages of automatic washday conveniences!

The modern housewife puts her dirty clothes in an automatic washer where they become sparkling clean . . . transfers them to her automatic dryer for fluffy, radiant drying . . . and the smooth finishing touch is made with her ironer. Not only do these automatic conveniences keep today's housewife younger . . . they keep her clothes attractive much longer!

## Legion Queen Home From Capital

Mrs. Edward Ditsworth and two granddaughters of Irvington, Iowa, Mrs. Eva Felter, Capron, Ill., and Mrs. Clara Felter, Antioch, were guests last Thursday in the home of Mrs. Mollie Somerville. Mrs. Ditsworth is the former Clara Shilke, a resident of Antioch many years ago.

Mrs. Mary Kohler and daughter Gloria, returned home recently after traveling to Indiana, Ohio, Michigan and Canada. They visited Mary's father-in-law, Alfred Kohler at Wooster, Ohio, Mr. and Mrs. Rex Robins at St. Thomas, Ontario, Canada, and the Clarin family at Mottville, Mich. They also spent a few days at Niagara Falls.

Mr. and Mrs. Victor White of Pittsfield and Mrs. H. C. Woods of Pueblo, Calif., arrived in Antioch today for a visit with Mr. and Mrs. Robert Wilson and family and Mr. and Mrs. Charles Watson.

Mrs. Florence Goldy and daughter, Lynn of Pittsburgh were guests of Mr. and Mrs. James Maplethorpe and other friends in Antioch the past week.

Mr. and Mrs. Ernest Erwin of Naperville are guests of Mrs. Erwin's brother, W. C. Petty and family this week.

Mr. and Mrs. Keith Bolton, Loon Lake, left Sunday for a two weeks visit with friends in Iowa.

Mr. and Mrs. Hal Johnson of Rockford were guests of Mrs. Mollie Somerville Sunday.

Mr. and Mrs. Robert Bolton of Loon Lake were weekend guests of relatives in Pontiac, Ill.

**Tuesday Is Registration Day at Antioch H. S.**

Antioch Township High School pupils are to report to the high school on Tuesday, September 7, to pay for textbooks and to receive general information for the operation of the regular class schedule, Principal A. L. Dittman announced.

Students will report to the girls' gymnasium in accordance with the following time schedule:

Freshmen—8 to 10 o'clock  
Sophomores—10 to 12 o'clock  
Juniors—1 to 2:30 o'clock  
Seniors—2:30 to 4 o'clock.

"Pupils should report to the high school at the time specified because class schedules and textbooks receipts will be given out according to class groups," Mr. Dittman said.

The textbook rental system used the past several years at the local high school will again be used. Students rent for a nominal fee all textbooks used in the various subjects. The rental system eliminates the purchase of books and reduces the cost to pupils of about one-third.

Students are held responsible for the rental books and if the books are damaged or lost an assessment fee must be paid at the end of the year to replace or repair the book.

Along with the textbook rental cost, a fee of fifty-five cents will be collected to cover the premium on a low cost student accident insurance policy. While the schools have no obligation in case of accident, they are glad to offer this liberal policy which will pay a part of the expenses incurred in accident cases.

The registration fee for seniors and juniors will be \$4.50. The registration payment by sophomores and freshmen will be \$5.50. All sophomores and freshmen will pay the \$5.50 because in addition to the textbooks used in each academic subject and the insurance premium, a dictionary and dictionary workbook will be used. The dictionary program is to be used in class to aid and improve spelling and vocabulary. The dictionary becomes the property of the pupil at the end of the four years.

School officials feel that the new textbook system has facilitated the handling of books through easier inventory control and improved bookkeeping. Books are also available for rebinding during the summer months. The rental system is definitely a money saving measure to the parents because the outlay of money for the rental of textbooks is not as great as outright purchase of the books.

**St. Ignatius' Announces New Service Schedule; Church School Staff**

The new schedule of services for the coming fall and winter for the Church of St. Ignatius of Antioch was announced this morning by the Rev. Father Edmond E. Hood. The new schedule will go into effect Sunday.

Services will be at 8, 9:30, and 11 A. M. The attention of parents having children of Sunday School age is called to the 9:30 service. This will be known as the family service.

For the first time in many years, it will be possible for parents to bring their children to Sunday School and attend a service of Holy Communion themselves. This will be accomplished by having the children leave the church after the Creed is said and go to their respective classes. This will leave the parents free to attend Holy Communion.

In actual practice, Holy Communion and the Church School should be over at the same time. Thus, parents and children may come together and leave together. It is hoped by the pastor of the parish that this new arrangement will free many parents who would otherwise find it impossible to attend the services of the church with any degree of regularity.

It is with great pleasure, also, that the parish announces the names of those who will be serving on the church school staff for the coming year:

Richard E. Landau, superintendent of church school; Miss Geraldine Paglusch, Miss Marilyn Peglusch, Miss Mary Fields, Mrs. Robert, Mrs. Annett Steiber, and Mrs. Marlowe N. Hood, teachers.

**Bus Service for High School Starts Sept. 8**

Bus service for high school students will begin this year on Wednesday, Sept. 8. Students must provide their own transportation on Tuesday when they report to the school for their book rentals and class assignments.

An additional route has been set up this year to accommodate the increasing school enrollment. The delivery of the new 64-passenger bus expected in October will further relieve the growing demands on our school transportation.

Charles Harding, a full time custodian, will drive the routes, formerly driven by Robert Hunt, to Lakeland Lake and the Deep Lake areas. Porter Larson will drive the Green Lake and the Lake Villa routes.

Arthur Andersen will drive the Lake Catherine route and then make a second run in the Emmons School district area.

Robert Bolton will drive the route east of U. S. 45 as he did last year. Bus schedules will be given to students on Tuesday, Sept. 7.

**Chicagoan Makes Drive-In of Kumst Loon Lake Store**

Above is shown the Buick of Chicagoan Adolph Van Mol which was driven through the front window of Wm. Kumst's Royal Blue store at Loon Lake Monday afternoon. Van Mol had mistakenly put the car in a forward gear instead of reverse while parked in front of the store. At right—"Bill" Kumst helps pick shattered glass from the car after it was pulled from the store. Several customers of the store were slightly injured.

**Courses Set Up for Girl Scout Leaders**

The Round Lake and Libertyville volunteer training committee for the Lakeside Council Girl Scouts met Tuesday, Aug. 24, and arranged a course for leaders interested in furthering their training, and a course for women interested in becoming Girl Scout leaders in this area.

The training course has been revised this year according to the new Girl Scout Handbook, and added to the course will be one session of training for troop committee members.

Anyone wishing to take the course may contact Mrs. James Lash, Libertyville 2-3081, or Mrs. Richard Conyers, Round Lake 6-1422. Registration will take place in Libertyville on Sept. 27, at 8 p. m.

**A-Bomb Picture Will Feature Meeting in Waukegan Sept. 9**

"Operation Ivy," latest movie of A-Bomb tests will be a feature of a day-long meeting of the Fox River District of Illinois Welfare District to be held Thursday, September 9, at the American Legion Home, Waukegan.

The program will concern itself with all aspects of Civil Defense and is being arranged by Civil Defense Director for Lake county, Richard Willer, assisted by Mrs. Grace Bryson.

The morning session will include registration and a dramatic presentation of results of an A-bomb explosion with trained personnel taking care of wounded and all civil defense units swinging into operation. Boy Scouts, Red Cross and other organizations will take part, as well as radio personnel, and other communications.

A luncheon will be served at 12:15, by the Woman's club of Waukegan, with reservations to be made by calling Delta 6-5212, before Tuesday evening.

The afternoon session, which will adjourn at 2:30, will be taken up by showing of the A-Bomb movie.

Officers of the district, Clarence Adams, chairman; Leonard Rittof, vice chairman; Mrs. Grace Bryson, program chairman; and Miss Ruth Montgomery, secretary, issue a cordial invitation to all residents of the county to be present, whether or not they are members of the organization.

**Forty-eight More Gifts To Rescue Squad Fund From Antioch, Vicinity**

Nearly 50 contributions have been added to the Antioch Lions Club Rescue Squad fund in the last two weeks, indicating the never dying interest in and appreciation of the first aid service of the public spirited volunteers.

Most of the donations this time were from residents of Antioch and vicinity.

The donors were:

Fred Warner, Harry Latal, J. Butkiewicz, Harriet Lenz, Mrs. Theresa Lewis, The Klass Men's Store, A. Almgren, William Fullerton, B. G. Guillame, John Andreas, Wm. A. Frey, Albert Warner, Mrs. Emily Kakacek, W. Haisma, W. E. Brook, Robert J. Webb.

John Welter, Kenneth Chambers, Mrs. Margaret Perkins, Louis Nelson, Jerry Sinsens, Frank Hennig, L. C. Scott, Arthur C. Lubkeman, Vernon Dunn, Earl Horton, Marie Ba, Mr. and Mrs. Don Coluccio, Mr. and Mrs. Stanley Yurgel, Mr. and Mrs. F. Selah, A. Helm, Marie Helm, Lehowitch.

Emma Simms, Mrs. Wallace Nelson, L. Bogaerts, George Ross, Codington Hardware, Mr. and Mrs. C. Dresel, Ralph Dowell, Geo. Campous, Wm. Yucus, Richey V. Graham, Wendell Mauser, James Kocmoud, Eddie Hazen, Antioch Lumber Co., Dr. Earl J. Hays, Mr. and Mrs. Ernie Steibl, Mr. and Mrs. James Hawkins, and John H. Soeborg.

The Warren Polley family spent the past week vacationing in Michigan. They were guests of Mrs. Polley's parents at Onekama, Mich.

**Farm Management Tour At C. A. Faulkner Farm On Friday, Sept. 17**

The annual farm tour of the Farm Management Service will be held on Friday, Sept. 17 at the C. A. Faulkner farm. The farm is located about one mile west of route 63 and about one-half mile north of Grand ave., route 132.

The tour of the farm will start at 1:30 p. m., according to Ray T. Nicholas, Farm Adviser.

The farm is owned and operated by Mr. C. A. Faulkner and son, Stanley. They are charter members of the Farm Bureau Farm Management Service. Previous to that Mr. Faulkner was a cooperator in the Illinois Farm Record Book project.

The farm was selected for the tour because of the excellent all over farm management practices conducted there. The farm has an outstanding dairy herd, with an average of over 10,000 pounds of milk per cow.

Visitors to the farm will have an opportunity to observe an excellent windbreak which was planted on April 9, 1946.

Everyone interested in knowing more about profitable farming is invited to attend the tour.

**SCOUTS NEED VOLUNTEERS (An Editorial)**

As the 1954-1955 program gets under way, a pressing need for the additional adult Scouting is being felt in the Northwest district of the North Shore Area Council. This district covers Vernon, Libertyville, Fremont, Wauconda, Grant, Avon, Lake Villa and Antioch Townships.

Exactly 1632 boys are participating in the three branches of Scouting, Cub, Boy Scouts and Explorers, and 570 men and women are devoting their time and effort to provide leadership and facilities for them. With the rapid increase in population, plus the large number of boys now reaching the Cub Scout age of eight years, a big jump in membership is expected this fall. Additional facilities and units must be provided, so that no boy is denied the privilege of Scouting.

Committeemen, cubmasters, scoutmasters, den mothers and neighborhood commissioners are some of the posts to be filled. Training is provided by the Council, and anyone who can give two or three nights a month to Scouting, will find the experience an especially rewarding one. Contact any active Scouter in your community, and he will gladly put you in touch with the proper council representative.

**Auxiliary News**

Antioch Unit, American Legion Auxiliary met in regular session Friday evening with the newly installed officers presiding.

Mrs. Dorothy Horan, president, named the following as committee chairmen for the coming year:

Pearl Anderson, membership liaison; Lucy Himens, Americanism, national security; Clare Horton, child welfare; Myra Randall, legislative; Eva Gaylord, Illinois girl state; Mary Ellis, rehabilitation; Mary Runyan.

The donators were:

Fred Warner, Harry Latal, J. Butkiewicz, Harriet Lenz, Mrs. Theresa Lewis, The Klass Men's Store, A. Almgren, William Fullerton, B. G. Guillame, John Andreas, Wm. A. Frey, Albert Warner, Mrs. Emily Kakacek, W. Haisma, W. E. Brook, Robert J. Webb.

## LAKE VILLA

The Official Board of the Community church in its monthly meeting last week felt that the response to the early service warranted continuation of it on a trial basis for another two months, but the time is being changed to 8:30 a.m. All are welcome to attend this service or the later one at 11 a.m.

The church school will not meet next Sunday, Sept. 5, but will meet as usual on the following Sunday.

Miss Nancy Sheehan was guest of honor at a bridal shower on Sunday afternoon at the home of her aunt, Mrs. Robert McCann, with Mrs. Everett McClure and Mrs. Marguerite Lalor assistant hostesses. Guests were present from Hebron, Skokie, Gurnee, Grayslake, Antioch, Lake Villa and Minonk. The afternoon was pleasantly spent and refreshments served. Nancy received many beautiful and useful gifts for use in her new home after her marriage to Gene Barth of Minonk on Oct. 2. Mr. Barth's mother was one of the guests.

Mr. and Mrs. Edwin Krook and Mary Kay of Grand Rapids, Mich., were week end guests of Mrs. Krook's parents, Mr. and Mrs. Albert Kapple, and of relatives in Waukegan.

Mrs. Charles Kelly and Mrs. William Effinger drove to Milwaukee on Monday last week and Mr.

Kelly who had been a patient at the hospital for eye treatment for a month or more was able to return home, and is improving.

Mr. and Mrs. Gordon Martin and daughters, Karen, Donna and Jackie, have returned from a very pleasant auto trip through Wisconsin and Minnesota, into Canada, then over to Niagara Falls, and home through the New England States. Mrs. Martin is part time secretary at the Lake Villa Lumber yard, and Mr. Martin is employed at Libertyville. Mrs. Charles Martin was hostess for the Pinochle club which met at her home on Rte. 21 last week for pot luck dinner followed by games of pinochle during the afternoon.

Mr. and Mrs. Charles Peterson spent the past week or so sightseeing in Detroit, Mich.

Mr. and Mrs. Ben Cribb, Jay and Nancy, enjoyed a fishing trip to Hancock, Wis., last week from Thursday to Saturday and enjoyed the fish they caught.

Mr. and Mrs. Russell Nickerson and children enjoyed a trip to the Wisconsin Dells and the boat rides to the Upper and Lower Dells last week. They went from there to

Elizabeth, Ill., and visited at Mrs. Nickerson's sister's home there, coming home on Thursday to find that another sister and family, Mr. and Mrs. Jos. Jobgen and sons of Galena were there and remained over night. They plan to go to Galena to attend the annual V. F. W. cootie corn ball at the carnival.

Mr. and Mrs. Charles Rother and children of Berkeley, Ill., visited Mrs. Rother's parents, Mr. and Mrs. Albert Kapple on Monday.

Mr. and Mrs. Henry Nader had as guests over the week end, Mrs. Nader's uncle and aunt, Mr. and Mrs. Albert Floeter, their daughter, Berne, husband and two children, all of Westfield, Wis.

**N. I. B. C. Will Observe  
Open House Sept. 17-19  
At Barn Near Hampshire**

The Northern Illinois Breeding Co-op is holding an open house on Sept. 17, 18, 19 at the bull barn located near Hampshire, Ill., according to Ray T. Nicholas, Farm Adviser. The first day will be devoted to Holsteins, the second to Guernseys and Jerseys, and the third to Brown Swiss and milking Shorthorns.

Visitors will be taken on a tour of the barn, hear discussions about the outstanding performance of daughters of the association sires, and brought up to date on the other new developments.

Lake County dairymen can get to the bull barn by taking route 63 to Dundee, then proceeding on route 72 to route 20. Then turn left and go about three miles to the bull barn on the left side of route 20.

All dairymen interested in seeing the outstanding sires and learning how they are improving the herds in Illinois are invited to attend.

**Forest Tree Seedlings  
Available from State  
In Orders of 500 Trees**

Lake County farmers may now reserve forest tree planting stock grown at the state nurseries for field planting next spring, says Farm Adviser Ray T. Nicholas.

New price lists and application forms are available at the Farm Adviser's office in Grayslake.

Use of forest tree seedlings and transplants grown by the state nurseries is restricted, Nicholas says. You can use them to establish plantations to grow tree crops, control erosion and furnish food and cover for wildlife. Or you can use them to develop shelter belts to protect fields and crops from eroding or drying winds. But you cannot use stocks from the state nursery for shade, ornamentation, landscaping or farmstead windbreaks, Nicholas points out. For these uses you'll have to get your trees from a commercial nursery.

Farmers can get seedlings or transplants of eight species of evergreens or conifers at the state nurseries: jack, red, white, shortleaf, Scotch and loblolly pine, red cedar and bald cypress. Prices range from \$5.00 to \$15.00 per thousand, depending on kind and age of stock. An order must total at least 500 trees.

Broad-leaved or hardwood species include one-year-old seedlings of ash, black locust, osage orange (hedge), red gum, soft maple and tulip; year old multiflora rose seedlings for use in wildlife and fence-row plantings are valuable.

**Ronald Scully, Antioch,  
Announcer for WKRS**

Ronald Scully, 19, son of Mr. and Mrs. Anthony Scully of 807 Main st., joined the staff of the radio station WKRS in Waukegan yesterday serving as an announcer.

Scully, a graduate of Antioch Township High School, had previous radio experience at station WLHK in DeKalb and the University of Wisconsin station WHA while he was a student on that campus.

In addition to his experience as a disc jockey and announcer, Scully is a HAM radio operator.
